THE MORGAN REGISTER.

A REGISTER intended to include all stallions of merit that trace in direct male line to Justin Morgan and having at least one sixty-fourth of his blood. All such stallions foaled in or before 1880 are admitted free. A fee of one dollar is charged for registering each stallion foaled since 1880, and for each mare whenever foaled. All mares are eligible that have the descent and inheritance above prescribed for stallions. The first volume, the final sheets of which are now being revised for the press, will contain about four thousand pedigrees, carefully compiled from original sources, a sketch of the origin and history of the great Morgan family, and much other new and original matter. The book will be illustrated with portraits of Morgan horses, and handsomely and substantially bound. The price is not yet fixed, but will be as low as can be afforded, so that the work may be widely distributed. The work has been done throughout on the plan of first exhausting all practicable means of getting and verifying information, discriminating rigidly between what is known and what is unknown, and setting down nothing as ascertained which is in doubt. Sources of information will be given in each pedigree so that every reader can verify the work for himself. Full descriptions of the animals registered will be given, and tables showing the merits of the Morgans, as compared with other families, for both speed and endurance on the track, will be appended. Entries will be received for a short time further, and blanks furnished on application. Address

BEN ADHEM—HIS STOCK AND SALE.

LETTERS FROM S. W. BRIGGS.

PENNYVILLE, Ind., March 20, 1890.

Dear Sir—I write you for some information in regard to some of our colts sired by Ben Adhem. I would like to know whether they can be registered in the Morgan Register or not. If they can, you may send me a few blanks. These colts are all out of unknown dams. I have a horse colt out of a mare that can pace a three-minute gait, and the colt shows "right smart" of speed; he is chestnut, with both hind legs white half way to the hock and his face white. He is a very nice colt; he was foaled May 14, 1889. The mare is in foal to Ben Adhem again. Ben Adhem has shaped up to be a very nice horse, and last fall we sold him for 2750 dollars. Some of his colts have been selling for from \$300 to \$500; so you see we think something of them.

Yours truly,

S. W. BRIGGS.

[Mr. Briggs is one of the gentlemen who came East and bought Ben Adhem of his breeder (then coming four years old) at \$1000. It pays to buy good ones. The get of any son of Ben Franklin are eligible to the Morgan Register. ED. REGISTER.]

ALBERT A.

This noble young stallion is one of those that "to look upon is a festival, to ride after is a liberal education." His coat is of seal brown satin, his carriage is that of a prince, and his form is the embodiment of equine strength and beauty. We believe that they have not kept more of the sons of DeLong's Ethan Allen entire. Probably their unrivalled road qualities have been against them in this regard, for they have been bought for road purposes by parties with long purses as soon as old enough to show their elegance in harness, and the prices have been too tempting for the breeders to resist. The old hero is still living and hearty at his owner's stable at the age of 32, and is past service. This young horse, Albert A., far surpasses his sire in style and beauty, and will doubtless show himself more than his equal in speed. But if he does as much as his sire has done to enrich the breeders in this vicinity, he in turn in his old age will be gratefully remembered.

BEN FRANKLIN AT HOME.

Mr. Frank McGavock of Nashville, Tenn., says in a letter to the editor of the Horse Breeder: "I feel that I have the purest (if not the best) Morgan breeding establishment in the United States of America, and I want, not only your assistance, but every friend of that noble family of horses to advise with me. I will never be satisfied until our place is the acknowledged head for the Morgan horse. I am dependent upon you and other friends for aid and advice to build up this long neglected family of horses, that I believe to be the best in the country. I hope to hear from you frequently, not only through your paper, but by private letter. I know your time is valuable, and you can devote but little of it to private correspondence; for that reason it will be appreciated all the more. Ben Franklin stood his trip out to Tennessee remarkably well, and is doing nicely in his new home. He enjoys his large and roomy paddock (something that is entirely new to him) as a child with his first toy, and we have every reason to feel that he will prove himself a grand success. The people are patronizing him liberally, his book will soon be full, and a better class of mares than he has ever had. Enclosed you will find an article from our home paper, that will give you some idea of our efforts to build up this Morgan breeding establishment."

The editor of the Horse Breeder comments as follows: "The paper referred to was duly received, and we quote from it concerning some of the stock as follows: 'As to the mares, all sorrels, with the exception of a shade in the color, you would think they all came from the same mould. When the first is brought out and critically examined, admiration for so symmetrical and perfect an animal is unbounded. The next is only a counterpart of the first, and the last only stimulates the desire to have them all brought out again. We are not extravagant when we say the eye can never tire in feasting upon so much grace and beauty in the equine species.' We venture the prediction right here that Mr. McGavock will not only make a grand success of this enterprise, but will further express our belief that the business will prove much more profitable in ten years time than the majority of the best breeding establishments where the sole aim is to produce a very high rate of trotting speed. The demand for first-class handsome, stylish gentlemen's roadsters will be in excess of the supply for a long time to come. Few stallions in the world can equal Ben Franklin in getting this class of stock. Mr. McGavock was fortunate in securing such a horse."

HOW THE BEN FRANKLIN STOCK SELLS.

Messrs. M. A. Brooks and F. T. Bissett last week sold their three-year-old bay gelding by Clay Franklin to a gentleman from Bristol, Conn., for \$350. This was one of the best and most elegant geldings of his age ever shown on our streets.

Peerless Ben, the fast four-year-old son of Ben Franklin that was recently advertised by H. T. Cutts for service the present season, has been sold to Geo. H. Hicks of Boston for \$2000. His three-year-old record was 2:38, and he was winner in his class at the last Vermont Breeders' meeting. His dam was the noted brood mare Dolly Spooner by Holabird's Ethan Allen. We shall look for a fast four-year-old record for Peerless Ben.

Ben Adhem, the fast pacing black son of Ben Franklin, that was bred by D. W. Bliss of Royalton, Vt., from his noted brood mare Lady Rogers, by Len Rogers, son of Telegraph, has been sold by the Morgan Horse company of Pennyville, Ind., for \$2750. Ben Adhem has no record, having started in only two races last fall, in one of which he paced a heat ahead of the famous Fred Arthur, 2:15, and was timed separately in 2:22 1/2 on a half mile track; but another horse winning the heat, he took no record. He will probably be heard from the coming season.

LETTERS FROM CORRESPONDENTS.

BREEDING OF TUNBRIDGE.

ALDEN, N. Y., Dec. 24, 1889.

JOSEPH BATTLELL, Esq.,

Dear Sir—I have delayed answering yours of the 9th, hoping I might give you the exact year of the death of Tunbridge; but I find I will have to write to California, to Mr. Harvey Durkee's care, to ascertain that fact, as Mr. H. Durkee is dead.

As you will see by the copy of the bill of sale, my father bought the dam of Tunbridge August 10, 1830. She had been served by Wheelock Morgan. He brought her and a bay horse colt, then two years old, to this place. On the 18th of June, 1851, she dropped Tunbridge. My father sold her in 1852 to Apollon Hastings, Esq., of Geneva, Wis. She was Gifford all over. The two-year-old colt he bought at four months old when following his dam, and had it kept by Mr. Lee at Royalton up to the time that he bought the dam of Tunbridge. This colt was named Royalty; in 1851 he served 30 mares on this farm and con-

ALBERT A. No. 9079.

FOALED IN 1885.

Bred by Col. ALBERT A. FLETCHER, Middlebury, Vermont.

SIRE:

DeLong's Ethan Allen 800, sire of 3 in the 2:30 list, and of more first-class roadsters than any other horse now living. He by Ethan Allen 43, (pole record 2:15), sire of 7 and of the sires of 80 and the dams of 15 in the 2:30 list. He by Vermont Black Hawk 5, head of the greatest family of roadsters, and of the second greatest family of trotters in the world. Vermont Black Hawk by Sherman Morgan, best son of Justin Morgan.

DAM:

By Gen. Putnam (sire of Major, 2:24), he by Rollo, son of Vermont Black Hawk. Second dam by the Backus Horse, another son of Vermont Black Hawk. Third dam Kentucky Queen, called thoroughbred.

ALBERT A. bids fair to outlive his sire's matchless reputation as a producer of the highest class of gentlemen's road horses, such as are sought from ocean to ocean and make the fortune of their breeders. He stands 15 1/2 hands, weighs 1100 pounds; is seal brown with off hind ankle white. In form, poise, style and action he is the peer of any horse that can be produced. Those wishing to see a perfect modern Morgan Horse are invited to look at Albert A. His speed is undeloped, but his natural gait is pure and rapid, promising a very high rate when trained, and he has a great trotting family behind him on both sides.

ALBERT A.

Will be kept at the farm of the subscriber in SHOREHAM, VT., the season of 1890 at \$20 THE SEASON. Season to close August 1.

CLAREMONT, 6610, PEGASUS,

Three-year-old Record, 2:36. Registered in Morgan Register.

CLAREMONT!

SIRE, LAMBERTUS, 2263, SON OF DANIEL LAMBERT.

DAM, Kate Allen, by DeLong's Ethan Allen, (800), by Ethan Allen, 2:25 1/2, son of Vermont Black Hawk (5). Second dam by Black Lion, son of Vermont Black Hawk. Will serve a limited number of mares at \$50 to warrant, at the stable of W. H. DeLong, West Cornwall, Vt., commencing April 15 and ending June 1, at which time he will leave to be conditioned for speed.

PEGASUS

Is a very handsome well proportioned black stallion, no marks, stands nearly 16 hands high, weighs about 1025; was foaled May 10, 1887. He has a clean intelligent head, and deep and finely-laid shoulders. His back is short and very muscular over the loins; his quarters are powerful and smoothly turned; and he has cordy, clean legs, with abundant bone and sinew. Pegasus has never been developed for speed, has a long, open, gliding gait, that will carry him fast to the wire some future day.

He was sired by Lambertus, 2:27 1/2, sire of Claremont, 2:36 at three years, and other fast ones that will be heard from ere long, sired by New England's greatest sire, Daniel Lambert, with 36 performers to his credit, and from the greatest dam the East can boast of, Fanny Jackson, with four children in the 2:30 list, three producing sons, 15 grand-children and one great grand child in 2:30 list; could her progeny have had the advantages that others were favored with, there would not have been her equal as a mother of 2:30 trotters. Fanny Smith, the dam of Pegasus, is by Arthur Allen by DeLong's Ethan Allen (800), by Ethan Allen, son of Vermont Black Hawk, a mare of rare merit as a fast road and breeding animal. Second dam by Russell Horse, son of Sherman Black Hawk by Vermont Black Hawk.

PEGASUS will the season of 1890, do stud service at the stable of W. H. DeLong, commencing April 15 and ending Aug. 25. TERMS, \$20 to warrant; bills payable March 1, 1891. Keeping and care provided for mare from a distance at risk of their owners, who may be assured of every precaution on my part.

CLAY FRANKLIN!

Standard, No. 4871.

SIRE:

BEN FRANKLIN, 753 (RECORD 2:39), SON OF DANIEL LAMBERT 102,

DAM BY

MAMBRINO PATCHEN 59, SON OF GEO. M. PATCHEN 30 (RECORD 2:29 1/2),

BY

SECOND DAM BY

ETHAN ALLEN 43 (Pole Record 2:15)

DRAKE HORSE BY BLACK HAWK 5.

CLAY FRANKLIN is eight years old this spring. He is a bright bay, of great style and beauty, standing 16 hands and weighing 1075 pounds. He is a natural trotter of great courage, able to show a 2:30 gait without flitting. His get are large, strong, fast and stylish, all solid color and nearly all bay. They have taken the lion's share of premiums for three seasons past over the get of all other famous sires shown at the Annual Fairs in Addison County, noted all over the country for the elegance and speed of its horses. In breeding and as an individual he is one of the very best sons of Ben Franklin, most noted sire of winners of his age in the North; he the best son of Daniel Lambert, long famous as the greatest sire of trotters then living. Clay Franklin's dam was a mare noted for speed and courage, a product of the popular Clay and Black Hawk cross, that produced Belle Hamlin, 2:12 1/2, and The Moor, which got Sultan that at 10 years stood first of trotting sires of his age that had ever lived. Clay Franklin, fresh from a full season in the stud, won the free-for-all trotting race at the Addison County Fair in 1888, demonstrating his capacity to make a very fast record when given a fair opportunity.

CLAY FRANKLIN will stand at the Fair Ground Stables in Middlebury, Vt., the season of 1890 (unless disposed of) at TWENTY-FIVE DOLLARS the season, with usual return privilege. Terms, cash or good note. Season ends August 15.
